

A NEW ULYSSES PARTNERSHIP

Hartmann Group companies, INTERSHIP NAVIGATION and DONNELLY TANKER MANAGEMENT Deploy Ulysses Systems TASK ASSISTANT® DOCUMENT MANAGEMENT

Ulysses Systems is delighted announce important newcomers to its Customers base and the software deployment agreement with INTERSHIP NAVIGATION and DONNELLY TANKER MANAGEMENT, shipping companies based in Cyprus, members of the HARTMANN GROUP.

Ulysses Systems

“It is an honour and a great asset to have such an accomplished client both in Marine Management, and with respect to Technology Management.”

Dimitris Lyras, Ulysses Systems, Founder

TASK ASSISTANT® DOCUMENT MANAGEMENT, an integrated HSSQE system for Fleet and Corporate use, will support INTERSHIP and DONNELLY to:

- ▶ Manage Corporate Documentation, all kinds of Documents, Forms and Manuals
- ▶ Manage the enterprise business processes ensuing from fleet operations by taking full advantage of the inbuilt automated alerting facilities
- ▶ Extract findings and produce reports for HSSQE and Administration purposes.

and **TASK ASSISTANT® DASHBOARD & BI REPORTING**, the latest Ulysses addition to the Task Assistant® Platform, will allow INTERSHIP and DONNELLY immediate access to business critical data from company reporting and BI measures, noiseless and meaningful corporate data structuring to achieve proactive and collaborative performance monitoring.

InterShip Navigation

“Having our people at sea and the offices using the best of ship management systems to support our operations is an ostensible goal and management principal. By boosting effectiveness and efficiency we attain our vision of increasing our competitiveness. After a thorough evaluation, we chose the new systems we need from a leading provider of reliable shipping services that exceed stakeholder expectations.”

Dieter Rohdenburg, CEO, InterShip Navigation
